

Tuesday Afternoon Breakouts

Session 1 - 1:40-2:40 PM

First Love (Women) Room 12

Raylene Ball

Following our hearts often leads us to leave our First Love. Scripture calls us to guard our hearts and to keep our love for Christ first and foremost as our motive for ministry.

Pathways, Partnerships, and Packaged Trips Room 9

Nathaniel Parrow

The world's greatest problem is LOSTNESS. Come explore what the International Mission Board is doing to impact lostness and how your church can be engaged in the work around the world. Each church has a next step in engaging lostness. This will be a practical, easy on ramp with real resources and opportunities for your church to participate with God in advancing His Kingdom.

Principles for Planting Churches in all the Wrong Places Room 11

Steve Bray

We often hear about the need to plant churches in cities. But what are some guiding principles for us to consider when we seek God's face to plant a church in places where most would ask, "Why there?" Pastor Steve Bray, executive Director of Mile One Mission, walks through his call from God to plant churches in one of the most unreached cities in North America, and he'll challenge you to consider a similar calling.

Praying Pastors—Praying Churches Room 100

Todd Kaunitz

If pastors do not pray, churches will not pray. We are the ones who set the spiritual temperature in our churches. This breakout is designed specifically for pastors who want to deepen their personal prayer life and lead their churches in effective corporate prayer.

Building Healthy Groups That Make and Multiply Disciples Ministry Center Glenn Underhill

Healthy groups make and multiply disciples. But how do you build an effective groups ministry that actually moves people from irreligious to fully trained disciples? During this breakout you will discover the four key essentials to building healthy groups that lead to growth and multiplication. Learn how to hotwire groups that develop and deploy people to multiply disciples where they live, learn, work, and play.

SESSION 2 - 3:00 – 4:00 PM

Bible Art Journaling: What Is It? (Women) Room 19

Christa Reamer & Regina Calhoun

Bible Art Journaling is an exciting way to engage with Scripture. It is a creative devotional practice used in combination with quiet time, prayer, art, and notetaking in a Bible, Art Bible, or a journal book. The beauty of it: it does not require a skilled artist! All that matters is that you are willing to experience God and His Word in a creative way!

The Pastor and Friendship Room 11

Steve Bray

We live in a time of social media and greater access to each other than ever before in history. Amazingly, when asked, many pastors say they have no friends and are convinced they can't have them in their local churches. Pastor Steve unpacks some biblical principles from God's Word to help fellow Pastors not just have friends but a posse of love and prayer for facing life in ministry.

Expository Preaching: Why and How We Do It Room 100

Calvin Wittman

Preaching should not be primarily about skill and giftedness of the preacher. Preaching should be about faithfully and comprehensively presenting God's Word. As preachers, it is a heavy responsibility we bear to share God's Word simply and accurately. In this class we discuss the value and basic principles of how to select a text and prepare an expository sermon.

Dinner Break – 4:00 PM to 5:45 PM

During the dinner break we will be providing a catered meal. We are attempting to relieve the stress of leaving campus, fighting traffic, and waiting in line at a restaurant. We also want to provide a greater opportunity for our Nevada pastors to mingle, fellowship and network.

Evening session will start back at 6:00 PM in the Worship Center
